Dear Katy:

Attached please find a copy of our final report to members on the quality of Laclede Water District drinking water as tested through 2021.

A copy of this report must be made available; to each member/user of the Association by either (1) mailing a copy to each member/user or (2) by notifying each member/user that it is available upon request.

Please notify me when one of the two above options have been completed, and which option was used; I will then complete the Consumer Confidence Report Certification Form and return it to the IDEQ, along with a copy of the report, as required.

Thank you and if you require additional information, please do not hesitate to contact me at your convenience.

Sincerely,

Debbie Haines
